

Corporate Overview

At OpsCentre, our passionate team of experts build tailored business continuity solutions for corporate and government clients so they can sleep peacefully at night knowing no matter what disaster strikes, their business will continue to run under all circumstances.

Our reliable and practical business continuity and IT disaster recovery plans cover every type of critical incident, whether small or large.

We create, test and train our solutions with minimal impact on our clients' time and resources, with delivery guaranteed : on time and on budget.

Our ongoing managed-services ensure that continuity processes, plans and infrastructure are always up to date and ready for use.

We provide Business Continuity, Disaster Recovery, Crisis & Emergency Management Solutions:
